KIDS AND TEENS**

**Rhonda Ryder**, *Dare to Use the Law of Attraction* Success Expert

Rhonda shares some of the highlights from her interviews with Dr. Joe Vitale, Mike Dooley and Dr. John Demartini from the hit DVD movie "The Secret" about how to raise happy, successful, thriving kids and teens. In addition here are the Law of Attraction Secrets, Rhonda touches on during the recording:

**Secret #1:** Take Your Cues From Your Children (in other words, share with your kids as much or as little about The Law of Attraction as they are ready for)

**Secret #2:** Practice Being in the Moment (The best parenting inspiration comes from when you are "present", fully listening to and "being with" your children. When you are in the moment, you are divinely guided every step of the way)

**Secret #3:** Teach Kids and Teens to Express What They Want Instead of What They Don't Want (so they can start training themselves to manifest what makes them happy)

**Secret #4:** Share The Power of Detachment With Your Kids (and how it's important to "let go" after they've asked the Universe for what they want, and trust the results)

**Secret #5:** Teach Kids to Take "Inspired" Action in the Direction of Their Dreams (inspired action is an important part of the process of manifestation)

**Secret #6:** Share With Them How to Be in "Receiving Mode" (so they can get in vibrational alignment to receive that which they have asked for)

**Secret #7:** Practice Modeling The Law of Attraction "Mindset" (because modeling behavior is the most powerful way to influence your children)
